Eaton Sales and Service Joins Tanknology as Alliance Partner

Austin, TX – Tanknology Inc., the world’s largest Underground Storage Tank (UST) environmental compliance services company, announced today that the premier petroleum equipment distribution, sales and service organization of the Rocky Mountain region, **Eaton Sales & Service LLC**, has joined forces with Tanknology as a Master Alliance Partner.

In this new relationship, Denver-based Eaton Sales & Service will represent Tanknology and provide the company’s full line of UST compliance services to their customers throughout the five-state Rocky Mountain region, including Wyoming, Colorado, Utah, Arizona and New Mexico.

Allen Porter, President and CEO of Tanknology, said that Eaton Sales & Service is an exciting addition to the company’s growing roster of Master Alliance Partners.

“Eaton is a premiere full-service petroleum distribution company in the Rocky Mountain Region,” Porter said. “With eight offices, covering five states, Eaton has for many years dominated this area of country by providing the highest levels of customer service and attention. They are a great fit for Tanknology and we look forward to working together to bring our compliance and testing services to their loyal customers.”

Brian Travis, Vice President of Eaton, echoed Porter’s view of the good fit for the two companies.

“Providing our customers with highly responsive, cost-effective solutions is the heart of our mission at Eaton,” Travis said, “Tanknology is the best in the country in the compliance arena, and their customer-centered values are well aligned with ours. We look forward to working together to provide our customers with exceptional value in this increasingly complicated but critical area of their business.”

For more information about services provided by Eaton Sales & Service, call them at **1-800-208-2657**, or visit them on the web at eatonsaleservice.com.

About Tanknology

Based in Austin, Texas, Tanknology operates across America and around the world, providing UST environmental compliance testing and related services at more than 50,000 sites per year, for more than 3,000 customers. Internationally, Tanknology licensees span more than 25 countries, providing services to the largest petroleum operators in the world. For more information visit Tanknology.com.
