Tanknology Announces Partnership With Patriot Capital for Compliance Project Financing

Austin, TX – Tanknology Inc., the world’s largest Underground Storage Tank (UST) environmental compliance services company, announced a new partnership today that provides financing options for Tanknology compliance projects. **Patriot Capital Corp.**, the petroleum industry leader in financing retail and commercial petroleum equipment, will provide flexible financing options to customers for Tanknology compliance equipment projects.

According to Richard Schnabel, Tanknology’s Executive Vice President of Sales, this program with Patriot Capital will enable customers purchasing and installing compliance equipment such as cathodic protection or automatic rectifier compliance systems with financing options for their total project costs.

“Patriot Capital is a well known, well respected member of our petroleum community,” Schnabel said. “For more than a decade, the company has provided financing solutions for all types of equipment at a retail or commercial petroleum site. This intimate familiarity with our industry enables them to provide simple, affordable financing programs to help Tanknology customers purchase our equipment and services.”

“Patriot Capital is a great partner for us, as they emphasize their exceptional expertise in our industry and outstanding customer service – business values we very much share,” Schnabel said.

For more information about this new partnership, visit a dedicated page on Tanknology’s website at this link: <http://tanknology.com/project-financing.html>
