Performance Fueling Specialists Joins Tanknology as Alliance Partner

Austin, TX – Tanknology Inc., the world's largest Underground Storage Tank (UST) environmental compliance services company, announced today that **Performance Fueling Specialists, Inc.** of Knoxville, TN has joined forces with the company as a Master Alliance Partner.

In this new relationship, Performance Fueling will represent Tanknology and provide the company's full line of UST compliance services to their customers in the Tennessee area.

Jim Grant of Performance Fueling said, "A primary commitment we make to our customers is to always provide our services in the most technically competent and professional manner possible. We regard Tanknology's MAP program as a value-added service that reflects this commitment."

Allen Porter, President and CEO of Tanknology added, "Jim and his team at Performance Fueling are an excellent addition to our growing network of Master Alliance Partners. We're very happy to be represented in Tennessee by such a strong partner."

About Tanknology

Based in Austin, Texas, Tanknology operates across America and around the world, providing UST environmental compliance testing and related services at more than 50,000 sites per year, for more than 3,000 customers. Internationally, Tanknology licensees span more than 25 countries, providing services to the largest petroleum operators in the world. For more information visit Tanknology.com.
