## **Tanknology Opens Montgomery Office**

Austin, TX - Tanknology Inc. the world's largest provider of environmental compliance testing and inspection services, has announced the opening of a new office in Montgomery, AL. The office will serve as the home of Tanknology's Southeast Region and replaces the Atlanta-area office that previously served as the regional base.

Eddie Campbell, the Regional Vice President of the company's Southeast region, will lead the office. The new location will serve as the regional headquarters for Tanknology operations in Alabama, Georgia, Florida, Mississippi, North Carolina, South Carolina and Tennessee. David Edens and Patrick Ryan will continue to serve as the Southeast Region Operations Managers.

In addition to the newly established Montgomery office and the corporate office in Austin, TX, Tanknology has six offices that serve as the base for regional operations. These locations include Lodi (Northwest) and Temecula, CA (Southwest), Owatonna, MN (Western Plains), Elgin, IL (Midwest), Columbus, OH (Ohio Valley) and Mt. Laurel, NJ (Northeast). The Gulf Coast region is based in Austin.

The new office is located at 5315 Wares Ferry Road, Suite H, Montgomery, AL 36109 and can be reached at (800) 964-1250.

## **About Tanknology**

Tanknology Inc. the world's largest provider of environmental compliance testing and inspection services, provides environmental compliance testing and inspection services at more than 50,000 petroleum fueling and storage facilities per year. Tanknology offers more than 30 compliance-related service offerings and holds 22 patents for leak detection and tank monitoring technology.

Internationally, Tanknology licensees span more than 20 countries, providing services to the largest petroleum operators in the world.
